Introduction

Optis Insurance is a market-leading expert in the provision of specialist commercial insurance solutions for the Irish market.

" We are proud to have as partners some of the largest A rated insurers operating in the London Market."

For more than 25 years Optis Insurance has proudly been supporting its broker partners. As a Lloyd's broker and specialist MGA, we blend technology with expert underwriting skills to deliver cutting edge solutions for the SME and Micro-SME market in Ireland. Supported by a dynamic London Market team based in the shadow of the iconic Lloyd's building, we develop optimum placement strategies for your client's more complex risks.

Our business philosophy is underpinned by a commitment to deliver exceptional client service and cultivate long-term sustainable relationships with both clients and insurance carriers.

We take pride in our professionalism and commit to always acting with integrity, honesty, and transparency.

About Us

Finding the right insurance for your client

With more than 300 years combined experience, Optis is uniquely placed to support our broker partners with the placement of a wide variety of risks either via our innovative digital trading platform or directly into the Lloyd's & London Company market in circumstances where a more bespoke underwriting approach is required.

We are proud to have as partners some of the largest A rated insurers operating in the Irish and London Markets.

Optis offers an array of products and trading solutions designed to give brokers a competitive advantage. Every product we offer is backed by A rated capacity.

Cyber

Cyber Risk Insurance (also known as Cyber Liability Insurance) is one of the fastest-growing areas of protection as businesses become increasingly dependent on technology.

Today, the threat of losing funds or data - or experiencing system outages caused by accidental errors or malicious attacks - has never been higher.

Our policies help safeguard businesses against risks such as:

- ◆ Cyber Crime
- ◆ Business Interruption
- ◆ Privacy & Network Liability
- ◆ System Damage
- ◆ Fines & Penalties

In addition, most policies include access to a dedicated team of advisors to support with Risk Management and response in the event of a breach.

No business is immune to cybercrime. Please speak with us to ensure your clients have the right protection in place.

Claims

At Optis Insurance, we recognise the potential devastation that a loss or accident can cause to your client's business.

We believe that a claim marks the critical juncture where the theoretical protection offered by the policy of insurance transforms into tangible actions that safeguard and protects individuals and businesses when they need it most.

How to make a claim

For All AXA Insurance dac policies, please use the following claims contact information:
